

School council meeting 6.3.23

Focus- Comic relief and ways to promote wellbeing in school.

### Comic relief.

**Friday 17<sup>th</sup> March** is comic relief day – we need ways to raise money for this event.

Raising money for comic relief helps other countries who are less fortunate. Comic Relief funding has helped support 11.7 million people.

Donations help with;

- Cost of living crisis
- Help children get an education
- Droughts
- Earthquake in Syria
- supporting projects around the world
- help provide sports equipment for those who don't have them.

What are your ideas to help us fundraise?

### Ways to promote wellbeing in school.

School already has two worry boxes in school, one in the library and another on the wellbeing wall in the KS1 cloakroom. We have started a wellbeing lunchtime club for those who don't want to go out straight away Y3/4 this half term and 5/6 next half term.

What other ways can we help promote a positive mindset and opportunities for wellbeing around school?

**Next meeting will be Thursday 9<sup>th</sup> to discuss ideas and let parents know by next week.**

### Message from Ms Budsworth

Raffle tickets are 5 for £1 and money raised will go towards our reading shed.

Can you also ask them about designing posters to discourage people from parking inconsiderately outside school and in the local streets, reminding them to pick up dog poo and asking them to give way to people who are coming into school through the school gate.
